

Answer key

Setup: print pages 1–6 of the Case File, one copy per team. Open **index.html** on each team's laptop and pick **With the printed Case File**. That's it: no cutting, no props. Teams need a pencil.

Room (Case File page)	Door code	Why	Screen puzzle → letter
Brainstem 2 · Autopilot Check	PONS	Automatic jobs: breathing P, heartbeat O, swallowing N, sneezing S	Oxygen 20%, water 75%, fuel Glucose → L
Thalamus 2 · Relay Match	RELAY	Sight → Occipital R, Sound → Temporal E, Touch → Parietal L, Taste → Insula A, Movement → Frontal Y	Wire the switchboard → E
Hypothalamus 3 · Control Tower	FOCUS	Hunger F, Shiver O, Sweat C, Thirst U, Sleepiness S (Stress hormones unused)	Four body alerts → A
Amygdala 3 · Alarm Words	CALM	CORTISOL, AMYGDALA, SLOW, MINDFULNESS	Two slow breaths → R
Hippocampus 4 · Memory Vault	3816	Moon 3, quiz 8, drop 1, calm circles 6	Memory pattern game → N
Temporal lobes 5 · Lobe Map	72597	Temporal 7, Occipital 2, Parietal 5, Frontal 9, Temporal 7	Tune radio, password WERNICKE → I
Limbic system 5 · Team Roster	587	Amygdala 128 + Hippocampus 205 + Hypothalamus 74 + Cingulate gyrus 180	Pick the 4 members → N
Neurotransmitters 6 · Message Decoder	VESICLE	Dopamine V, Serotonin E, GABA S, Serotonin I, Dopamine C, Dopamine L, GABA E	Fire the right messenger → G
Frontal lobe (none)	—	Opens when all 8 letters are found	Unscramble LEARNING . Don't press the red button!

During the game

- The clock is 30 minutes. Tell teams to split up: paper team solves pages, screen team plays rooms.
- Brainstem room must be first on screen. Paper pages can be done in any order.
- Every door and every puzzle has built-in hints on screen (each costs 30 seconds).
- If a laptop breaks, the "Game Master guide" link on the title screen has Skip buttons.
- Progress saves automatically, so refreshing the page is safe.

Afterward (5 min)

1. Which room made your team use its frontal lobe most?
2. What memory trick did your team use at the Memory Vault?
3. When time got short, what did your amygdala do? What helped?
4. Name one brain-healthy habit to use before a test.
